

Hello, Parents!

River Grove's 3rd - 6th Graders are having a

Science Fair

on Tuesday May 8th, from 4:00 - 7:00 P.M.

We would love to have students participate at any level, for the love of science. They can make a science project for display only, or they can enter their project in the school Science Competition.

Teachers have a Science Fair Checklist packet filled with suggestions for project steps and completion dates. They also have the Rubric that judges will be using when they examine the competitive projects.

Projects may be as simple or as complicated as you and your student decide. The most important thing is to pick something fun!

We would like to know how many students plan to participate. Please fill out the bottom of this form and send it back to school by **Friday April 15th**. Projects don't need to be completed by then, this is just a head count!

_____ will be participating in the Science Fair
on Tuesday May 8th from 4:00 - 7:00 P.M.

For competition

Just for fun
